

Addis Ababa, 20-24 June 2016

The Agriculture, Nutrition & Health (ANH) Academy is a global research network in agriculture and food systems for improved nutrition and health to serve as a platform for learning and sharing

PRELIMINARY ABRIDGED PROGRAMME

Learning Labs

20 - 21 June 2016, ILRI Campus

A series of interactive learning sessions offered by ANH Academy partners

Plenary Masterclasses & Workshops

- Mainstreaming gender in agri-health research
- Evaluation methods
- Options for achieving optimal diets in resource-limited settings...plus more

Parallel learning Sessions

- Women's Empowerment in Agriculture Index (WEAI)
- Optifood, A tool based on linear programming analysis to inform nutrition programme planning and policy decisions
- Methods and metrics for climate-smart agriculture for nutrition
- M & E of nutrition in CAADP processes and investments
- Metrics to measure food security...plus more

Lightning Sessions

- ANH 101: A broad intro to core disciplines and key methods relevant to interdisciplinary agriculture-nutrition-health research
- Interdisciplinary journeys and working across sectors
- Getting published

Research Conference

22 - 24 June 2016, The Hilton

Researchers and users of research from around the world converge to share emerging research and ideas

Keynote Addresses

Prominent academics and policy-makers highlighting research and policy issues to leverage agriculture and food systems for nutrition and health

Abstract-driven Oral and Poster Sessions

- Agriculture, food systems, environmental change and diets
- Drivers of food environments at national, community and household levels
- Contribution of agriculture and food systems policies and programmes towards nutrition
- Agriculture and human health linkages
- Institutions and governance of food systems

Plenary Roundtables

- Research and training needs for the future of agri-health in low and middle-income countries (LMICs)
- Lessons learned from major agri-health research programmes
- Food systems for nutrition and health in Ethiopia

Registration opens soon at immana.lcirah.ac.uk/

Facilitating collaboration

Social events and opportunities to network, stimulate and strengthen interdisciplinary and inter-sectoral collaboration

Digital learning exhibition

Sample and interact with providers of electronic learning platforms for agriculture, nutrition and health

Participation

Opportunities for attendees to interact in short training sessions and share experiences on a peer-to-peer basis
